

Dear Sir/Madam,

Re: MSc Programme in Biomedical Engineering (BME) at The Chinese University of Hong Kong

The Division of Biomedical Engineering at The Chinese University of Hong Kong, is offering a Master of Science Programme in Biomedical Engineering in the academic year of 2008-2009. The BME programme is jointly offered by the Faculty of Engineering and Faculty of Medicine.

The BME MSc programme is aimed at creating a unique and rigorous program that bridges and integrates the fields of pure biomedical and engineering disciplines, while providing students with an exciting interdisciplinary studying environment. Also, we aim to educate and train future leaders in emerging areas that combine state-of-the-art technologies with biomedicine applications to support a growing healthcare industry stimulated by breakthroughs in biomedical engineering research.

We would be most grateful if you could help us disseminate the attached leaflet information. More detailed information can be found at our website: <http://www.bme.cuhk.edu.hk/>.

Should you have any question regarding the program, please feel free to contact Ms. Winnie Wong at 852-2609 8337 or email her at bmegrad@cuhk.edu.hk.

Sincerely,

W. H. LIAO, Ph.D.
Director, MSc Programme in Biomedical Engineering
The Chinese University of Hong Kong
Shatin, N.T., Hong Kong, China
